

Seniors Must Vote for Conservative/Republican Candidates in 2026 or Face End of Life Misery, Hardships, and Despair

(Here's what to expect if the crazy, dangerous, anti-God, anti-American socialist/communist Democrats take over Congress in 2026.)

Medicare will go bankrupt faster because it won't just be for seniors anymore.

- "Medicare for All" would add an additional 280 million Americans plus 20 to 30 million illegals into the Medicare system overnight.
- This sudden increase of beneficiaries would overwhelm the 68 million senior citizens who are currently on Medicare.
- The result would be an immediate reduction in benefits before leading to a possible total bankruptcy for the Medicare program causing cuts and rationing.

Democrats will abolish private health insurance with "Medicare for All."

- Like in England (UK), everyone in America will be forced onto Medicare, no private insurance allowed.
- And just like in the UK, widespread rationing, shortages, long waits to see doctors, and high drug costs will result.
- Once Democrats force everyone onto Medicare, the quality and availability of benefits will go downhill because Medicare will need to be rationed as payroll taxes fail to keep up to benefit payments and services.

The Democrat Party has been Captured by **CRAZY, DANGEROUS, ANTI-GOD, BIG GOVERNMENT ANTI-AMERICAN SOCIALISTS/COMMUNISTS**

Seniors,
Before
You
Vote . . .

**The Senior Citizens' vote in 2026
may very well determine if their
children and grandchildren live in
a communist country.**

What's at stake:

- **Your Health Coverage** – Everyone will have one provider – the federal government.
- **Your Private Health Insurance** – No private or private pay health insurance allowed.
- **Your Life** – If the federal government denies your surgery, you could die.
- **Your Safety** – Violent criminals will roam the streets because of no jails, prisons, or police.
- **Your Life Savings** – Higher taxes on savings, IRS's, pensions, and investment income.

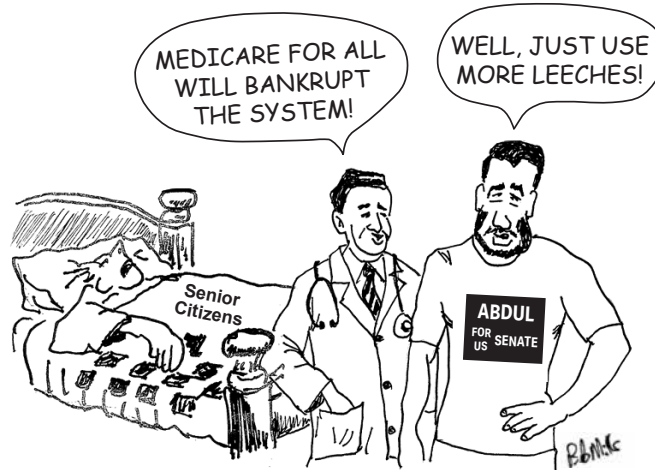

**Help educate senior citizens to keep Congress
out of the hands of the Democrats in 2026**

You will live in fear as your personal safety will be at constant risk.

- Criminals will find it easier to terrorize communities when the Democrats close prisons/jails and abolish police departments.
- Democrats will restrict your Second Amendment right to keep and bear arms to defend yourself when the police aren't around.
- Democrats want to stop prosecuting misdemeanor crimes which opens the door for repeat offenses that lead to more violent crimes.

Your vote will likely be canceled.

- Your vote may be canceled when Democrats give millions of non-U.S. citizens the right to vote.
- Democrats will make it easier to vote fraudulently.
- Felons will be allowed to vote.
- 16-year-olds will be allowed to vote.

▲ Abdul El-Sayed, Democrat for U.S. Senate in Michigan, wants Medicare for All. Medicare's go-broke date for its hospital insurance trust fund is now projected to be mid-year 2033. Adding 350 million Americans and 20 to 30 million illegals into Medicare will accelerate the bankruptcy of the Medicare program, hitting senior citizens the hardest.

Senior citizens need to know that the Democrat Party's "soft-on-crime" policies that pose a threat to their safety and well-being can be avoided by voting for Republicans in 2026.

America as you know it will be gone.

- Your daughters and granddaughters will be forced to share bathrooms, showers, locker rooms, and sports teams with biological males.
- Your grandchildren will become indoctrinated in socialism once Democrats make public college tuition free.
- Democrats will restrict your First Amendment right to live, worship, and speak according to your faith.

Food and medications will become unaffordable.

- Democrats will embark on a wild spending binge that causes massive inflation.
- Under the Democrats' wild spending outlined in Biden's American Rescue Plan Act, bacon reached \$7.60 a pound compared to today's price of \$4.99, eggs \$4.82 to today's \$2.19 a dozen.
- Under government price controls and drug production, the lack of drug companies and generic drug competition would drive up drug prices.

Taxes will go up.

- As Democrats eliminate the \$6,000 senior deduction from the One Big Beautiful Bill Act seniors will pay more in taxes.
- Democrat tax hikes will eat away at the Social Security, pensions, and investment accounts that make up your fixed income.

Energy bills and gas prices will skyrocket.

- When Democrats outlaw fracking and halt offshore drilling for oil America will become dependent on high foreign oil prices.
- Under the Democrats and Biden's energy polices, gas averaged \$5.02 a gallon.
- Under the Democrats and Biden electricity costs rose 25% to 29% according to the Department of Labor Statistics.
- You won't be allowed to turn your thermostat as high or low as you want due to Democrats' extreme environmental regulations.
