**THE BHI STORY:** One of the pioneering advocates of plant-based medicine was Dr. H.H. Reckeweg. He believed that health comes from light – the sun gives life to plants, and plants give health to humans. His research revealed that using multi-ingredient plant-based remedies gave his patients more relief than single-ingredient ones. His homeopathic remedies soon became the most popular ones in Germany. After relocating to the sunny high desert of New Mexico, he created BHI products. For over 40 years BHI products have been faithful to Dr. Reckeweg’s “sunny” philosophy. These safe & effective natural medicines treat temporary and minor symptoms (like all OTC’s do), and come in 100-tablet bottles.

<b>ALLERGY</b>	Relieves allergy symptoms such as sneezing, runny nose, stuffy nose, watery eyes, skin irritations.

<b>SPASM</b>	Relieves menstrual cramps, abdominal bloating, muscle spasms.
<b>THROAT</b>	Relieves sore throat pain.

# T-Relief PET line – NOW IN DROPS TOO!

*"I like it better than the current one: "I bought this for my 12 year old cat whose hips had become so painful when he would start to walk, he would turn and hiss because he thought something external was hurting him. Within a week or so, I saw more fluid movement. He ended up, after just one box, being back to his playful personality."*

– Cheryl Stankevich

*"These pills truly work! My 8 year old cockapoo limps from taking walks. Our vet put him on pain meds to help him. I was also told that they could have been harsh on his system if taken too many days in a row. My neighbor suggested these pills and I knew it was worth trying. So happy that they work!!*

*Biggsby loves to walk!"*

– Science Teacher

*"I bought these to see if they would help our newly adopted Cheagle settle down a bit. These have been a great choice in helping to calm him down a bit and calm down his anxiety. Our little hurricane has turned into a tamed little Cheagle!"*

– Margaret Moran
