

Melbourne High School Crew: Request for Team Sponsorship 2025-26

Thank you for considering a Melbourne High School Rowing Club community partner sponsorship!

In forty-eight years, MHS Rowing has grown from a small high school team to a large organization recognized as one of the top high school scholastic crew teams in the state of Florida. This status requires high school crew team rowers to maintain a 2.5 GPA, encouraged to attend study hall once a week, provide tutoring to fellow rowers, and encouraged to contribute individually 20 hrs./yr. to community causes. Causes such as keeping our Florida beaches clean, the Restore our Shores with the Brevard Zoo, volunteering for events supporting The Haven for Children and assisting, when possible, all adaptive youth sports.

Funded solely by local donations and rower's monthly dues, MHS Rowing Club has expanded to include rowers from middle schools that are Melbourne High School feeder schools.

Our sponsors have enabled us to:

- Develop rowers at all levels – recreational and competitive – by building and improving their skills, confidence, fitness, initiative and a sense of teamwork.
- Expand programming that interacts parents with their teens in our year-round program
- Provide opportunities for teens with disabilities the opportunity to experience and compete in rowing on the Indian River Lagoon
- Assist in athletic scholarships to colleges and universities throughout the country for all of its current high school juniors and seniors.

Below you will find our sponsorship packages. If you cannot commit to a specific dollar amount listed below, any "helping hands" donation will help to provide funds for a Mel Hi rower scholarship program, equipment, uniforms, etc.

Examples of purchases required Fall Season: 2025

- New: 8-Concept2 Sweep Oars: \$4,000
- Used: Ergs (5): \$4,200
